For more information about KIDS please visit www.kids.org.uk.

Our vision is a world in which all disabled children and young people realise their aspirations, and their right to an inclusive community which supports them and their families.

What We Do

KIDS are a national charity, founded over 47 years ago, providing a wide range of support services to disabled children, young people and their families. We support children with any disability from birth to 25 years of age. We also offer our support to the whole family with the aim of giving disabled children a brighter future.

“Your involvement with my family has meant huge practical help during a difficult time. I think the key thing is that KIDS does stuff with and for the whole family, not just the child. I am sure that yours is the kind of service that helps prevent family break up as a result of the strains that a child with a disability brings.”

We cannot change a diagnosis and we cannot cure but we can, and we do, make a very real difference to the lives of families with a disabled child through high quality, practical and tailored services delivered by dedicated professional staff.

KIDS provides over 120 different services and works with 80 local authorities throughout England. **In 2017, we supported over 13,500 disabled children, young people and their families.**

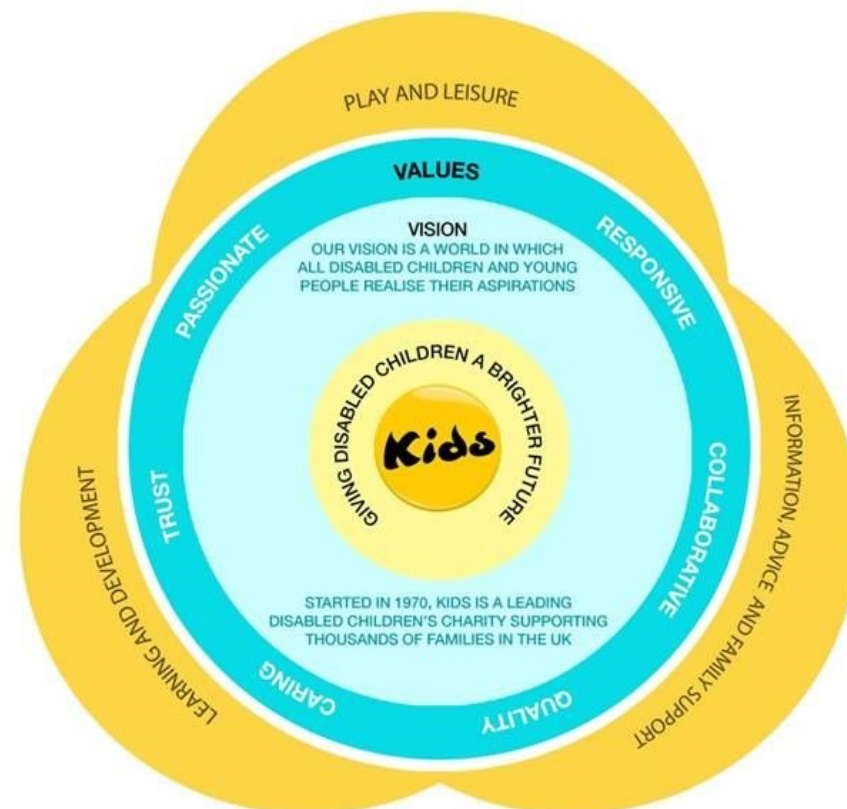

Our values

- We are passionate
- We are collaborative
- We believe in quality
- We are responsive
- We are caring
- We are trusted

We are passionate about making a life-changing, positive difference to the lives of disabled children, young people and their families. Everything we do places the child at the centre of our support, our services then focus on providing care, which wraps around the child within their family.

Our values underpin the work that we do with children, young people, and families in three main areas of their lives — we call these our “circles of support”.

What You Can Expect

Our services

KIDS was established in 1970 by John Mulcahy, a teacher who had become concerned about the development of a disabled child in one of his classes. Looking to improve communication with the child.

John turned to the child's mother for guidance. This sowed the seeds of working in partnership with parents and carers to enable disabled children and young people to develop their skills and abilities and to fulfil their potential, hopes and dreams.

KIDS is a charity which has pioneered a number of approaches and programmes for disabled children and young people. These include Home Learning (Portage), Parent Partnerships, Adventure Playgrounds and the inclusion of disabled children in mainstream educational settings.

KIDS has a rich history and vast experience of meeting the needs of disabled children and young people and families. Therefore, KIDS is well-placed to play a leading role supporting the development of policy affecting this important group in society.

Our benefits

Here at KIDS we want you to know that you are valued, and that we are committed to your safety and wellbeing. Our benefits include:

- Access to KIDS Virtual College: our wide range of interactive e-learning training courses which carry CPD points
- NEST Pension Scheme
- Life Assurance
- Strong sense of achievement from doing meaningful work
- Generous holiday pay
- Extra week of holiday after 4 years' service
- 24 hour helpline to deal with safeguarding issues

'Being given the opportunity to make a positive impact on a young person's life' - Ollie, Assistant Practitioner

Safeguarding

KIDS Safeguarding Board acts in an advisory capacity to monitor and continuously improve safeguarding practices throughout the organisation. To read our safeguarding policies, please click on the links below:

KIDS is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. All children and young people we work with must, at all times, feel safe.

As part of our commitment to safeguarding KIDS has a safeguarding board with representatives from all parts of the organisation. The board meets regularly to review policy and practice as well as to disseminate learning and good practice. KIDS has a designated safeguarding lead at director and at trustee level.

KIDS follows safer recruitment principles and all staff and volunteers working with children, young people or their families have DBS checks, regular supervision and also safeguarding training.

We work closely with families and co-operate fully with other agencies to take all reasonable steps to minimise the risks of harm to a child or young person's wellbeing. We recognise that whilst not all risks can be eliminated, we must operate in an atmosphere of safe uncertainty. This means that children and young people must feel secure and safe in the face of reasonable risks, but should never be knowingly or unknowingly put in a position of significant harm or abuse.
