

About KIDS Charity

[Welcome to KIDS Video](#)

KIDS is a national charity, founded in 1970, that provides a wide range of services to disabled children, young people and their families in England. In 2020-2021 we supported over 11,800 disabled children from birth to 25 years. Our services include: drop-in crèches and nurseries for the under 5s to youth clubs, short breaks and residential stays for young adults. Commissioners and users appreciate the high quality of our information, advice and mediation services and 96% of parents say they are happy with the KIDS services they receive.

“As a member of KIDS’ Young People’s Engagement Group (YPEG), I have become more confident and have made lots of friends as well. It’s helped me become the person I am.”

“Your involvement with my family has meant huge practical help during a difficult time. I think the key thing is that KIDS does stuff with and for the whole family, not just the child. I am sure that yours is the kind of service that helps prevent family break up as a result of the strains that a child with a disability brings.”

We aim to empower disabled children and young people to develop their skills and achieve their inspiration. We create opportunities for them to take part in play, learning, leisure, skills training and social activities. Our success is based upon building a close partnership with parents, carers and siblings and helping them find solutions to the obstacles they meet in daily life.

What You Can Expect

Our services

KIDS was established in 1970 by John Mulcahy, a teacher who had become concerned about the development of a disabled child in one of his classes. Looking to improve communication with the child.

John turned to the child's mother for guidance. This sowed the seeds of working in partnership with parents and carers to enable disabled children and young people to develop their skills and abilities and to fulfil their potential, hopes and dreams.

KIDS is a charity which has pioneered a number of approaches and programmes for disabled children and young people. These include Home Learning (Portage), Parent Partnerships, Adventure Playgrounds and the inclusion of disabled children in mainstream educational settings.

KIDS has a rich history and vast experience of meeting the needs of disabled children and young people and families. Therefore, KIDS is well-placed to play a leading role supporting the development of policy affecting this important group in society.

KIDS are committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share this commitment. All children and young people we work with must, at all times, feel safe.

As part of our commitment to safeguarding KIDS has a safeguarding board with representatives from all parts of the organisation. The board meets regularly to review policy and practice as well as to disseminate learning and good practice. KIDS have a designated safeguarding lead at director and at trustee level.

KIDS follow safer recruitment principles and all staff and volunteers working with children, young people or their families have DBS checks, regular supervision and also safeguarding training.

We work closely with families and co-operate fully with other agencies to take all reasonable steps to minimise the risks of harm to a child or young person's wellbeing. We recognise that whilst not all risks can be eliminated, we must operate in an atmosphere of safe uncertainty. This means that children and young people must feel secure and safe in the face of reasonable risks, but should never be knowingly or unknowingly put in a position of significant harm or abuse.
